

## Loss Prevention Solutions

Today's "state of retail" has presented loss prevention departments with new challenges. With increases in theft and loss, budget restrictions or personnel cuts can make reaching your goals seem impossible.

Outsourcing has never been simpler and more economical. We can augment your existing team to expand your reach or fill in when the need arises. Either way, we're here to help you achieve your goals.

"The best aspect about outsourcing talent is being able to leverage specialized skill sets and improving profitability across the enterprise; all without absorbing the costs associated with it."

-President, Nationwide Retailer

Increasing store presence, compliance and visibility in high shrink or target markets.

### Results Driven Partner

Retail Integrity Solutions can provide existing loss prevention departments with supporting resources without adding excessive budget costs.

### Audits & Store Visits

We can work with you to either develop or support a store visitation program that includes multiple touch points ranging from short loss prevention awareness visits to specialized custom audits. Increase your loss prevention presence through a shared store visit program.

### Employee Theft Resolution

Leverage the density of our nationwide base of loss prevention professionals to increase your theft resolution. Together we can augment your existing team, cover specific markets, or provide you with as needed investigations and resolution to your employee theft issues or concerns.

## Loss Prevention Solutions

### Exception-Based Reporting and Analysis

With the knowledge and daily use of many EBR applications, our Data Analysts will provide you with their specialized skills of analyzing your point-of-sale data. Working regularly with existing LP field teams, our team will provide detailed reporting and case packaging for fast resolution to exceptions.

### Target Store Solutions

Have a high shrink market or group of stores requiring a targeted approach? Our model of best practices, methodologies and field presence can provide you with a complete solution to decrease shrink in your target locations. Together we can develop a program designed to meet your shrink reduction goals.
